

Alliance AIR CURTAIN

NEW

- Energy-saving: boosts efficiency of airconditioning
- Ensures a clean protected environment
- Provides a comfortable climate for employees and customers
- Very low current usage
- Remote controlled
- Easily installed

The Alliance Air Curtain provides an 'open door' policy that promotes trading in retail outlets, whilst also saving on energy. Mounted above entrance doors, it acts as an invisible shield, separating the indoor environment from the exterior. With airflows ranging from 900 m³/hour up to 2150 m³/hour, the Air Curtain keeps the heat out of cool airconditioned interiors and cold air out of warm interiors. At the same time, while only using minimal energy – approximately that of two 100W light bulbs – it also boosts the efficiency of airconditioning thus saving money. Remote-controlled, the Air Curtain can be set to 2 different airspeeds depending on requirements. Easy to install and maintain, the Alliance Air Curtain is available in 3 different widths from 900mm to 1500mm, and for wider apertures, several units can be mounted side by side.

MODEL		AAC900DDY	AAC1200DDY	AAC1500DDY
Length	mm	900	1200	1500
Voltage	V	220-240	220-240	220-240
Frequency	Hz	50/60	50/60	50/60
Input Power	W	180	200	220
Air Speed (Lo/Hi)	m/s	8-12	8-12	8-12
Air volume (Lo/Hi)	m ³ /h	900/1150	1200/1750	1500/2150
Sound	dB	<57	<58	<59
Dimensions	cm	940x240x270	1200x240x270	1500x240x270
