## Guarantee Conditions

Guarantee is not valid if appliances are used in an industrial application. Appliance must be installed by a licensed tradesman according to BSH and national or local regulations.

Total guarantee period for built-in appliances: 5 years from date of purchase.

Transport damages will only be accepted 7 days after delivery to end user or contractor working on behalf of end user (kitchen company, building contractor).

First year full guarantee on parts and labour – excluding very fragile parts i.e. glass, plastic, light bulbs.

Second and third year on functional parts only: electronics, timers, switches, locks, clocks, thermostats, fans plus labour to repair or replace.

Fourth and fifth year on functional parts only: electronics, timers, switches, locks, clocks, thermostats, fans plus labour to repair or replace.

After guarantee expires, customer must pay a current call out fee towards labour costs.

### Condition governing appliance service

1. A guarantee claim ceases once repair or work is undertaken by a person not entitled by BSH to do so or if the appliance is provided with spare parts, attachments or accessories that are not original, therefore causing damage.
2. The guarantee is given in such a manner that defective parts are repaired free of charge or – and this is BSH choice – replaced by perfect parts.
3. A claim under guarantee does not cause an extension of the guarantee period nor does it start a new guarantee period.
4. If BSH refuses repair or repair fails and the end user so requires, a replacement of equal value is supplied free of charge within the above guarantee period.
5. These conditions of guarantee are applicable to appliances purchased in South Africa. If appliances are taken abroad and meet the technical requirements (e.g. voltage, frequency, type of gas etc) of such country while also being suitable for the respective climate and environmental conditions, these terms of guarantee are applicable only if BSH have an approved customer service network in such country.
