

Model	LC67KHM60	LC94BBC50
<b>Product description</b>	<b>iQ300</b> 60 cm inclined design, wall mounted extractor exhaust or recirculation operation	<b>iQ100</b> 90cm wall mounted extractor exhaust or recirculation operation
<b>Comfort and safety</b>	Electronic control via touchControl 3 Speed settings plus intensive setting Energy efficient capacitor motor Twin channel high performance motor Rim Ventilation 2 Capture areas: front side and bottom side Saturation indicator for metal filter and charcoal filter Filter cover glass Metal grease filter, dishwasher safe	Push buttons for extractor speeds and light 3 Speed settings Twin channel high performance motor Metal grease filter, dishwasher safe
<b>Design</b>	Black with glass canopy In recirculation operation chimless use is possible Easy wall mounting system Lighting: 2 x 1.5W LED	Lightning: 2 x 1.5W LED
<b>Min. clearance above cooking point</b>	Gas Appliances from upper edge of pan support: 60.0cm Electric Appliances: 45.0cm	Gas Appliances: 65.0 cm Electrical Appliances: 55.0cm
<b>Special accessories</b>	LZ11AKB16 - CleanAir Plus Odor Filter (repl) LZ11AKV16 - CleanAir Plus Recirculation Kit (chimless) LZ11AKI16 - CleanAir Plus Recirculation Kit	LZ10DXU00 Recirculation Kit LZ10DXA00 Active Carbon Filter LZ11FXC56 CleanAir Recirculation Kit* LZ31XXB16 CleanAir Active Carbon Filter*  *Available on request
<b>Product specs</b>	For technical dimension please refer to page: 29 Rating: 263W Normal Extraction: 400m³/h Intensive Extraction 660m³/h Noise level, max normal use: 57dB	For technical dimension please refer to page: 29 Rating: 100 W Normal Extraction: 330m³/h Noise level, max normal use: 64dB

## Guarantee Conditions

Guarantee is not valid if appliances are used in an industrial application. Appliance must be installed by a licensed tradesman according to BSH and national or local regulations.

Total guarantee period for built-in appliances: 5 years from date of purchase.

Transport damages will only be accepted 7 days after delivery to end user or contractor working on behalf of end user (kitchen company, building contractor).

First year full guarantee on parts and labour – excluding very fragile parts i.e. glass, plastic, light bulbs.

Second and third year on functional parts only: electronics, timers, switches, locks, clocks, thermostats, fans plus labour to repair or replace.

Fourth and fifth year on functional parts only: electronics, timers, switches, locks, clocks, thermostats, fans plus labour to repair or replace.

After guarantee expires, customer must pay a current call out fee towards labour costs.

### Condition governing appliance service

1. A guarantee claim ceases once repair or work is undertaken by a person not entitled by BSH to do so or if the appliance is provided with spare parts, attachments or accessories that are not original, therefore causing damage.
2. The guarantee is given in such a manner that defective parts are repaired free of charge or – and this is BSH choice – replaced by perfect parts.
3. A claim under guarantee does not cause an extension of the guarantee period nor does it start a new guarantee period.
4. If BSH refuses repair or repair fails and the end user so requires, a replacement of equal value is supplied free of charge within the above guarantee period.
5. These conditions of guarantee are applicable to appliances purchased in South Africa. If appliances are taken abroad and meet the technical requirements (e.g. voltage, frequency, type of gas etc) of such country while also being suitable for the respective climate and environmental conditions, these terms of guarantee are applicable only if BSH have an approved customer service network in such country.
