

ZBC-20

PRODUCES:
BULLET ICE

20KG COUNTER-TOP ICE-MAKER STAINLESS STEEL

Turn up the chill factor at your gatherings with the ZBC-20 Counter-Top Ice-Maker. This robust appliance, with its sleek stainless steel finish, churns out up to 20kg of ice per day to keep your drinks perfectly cooled. Its intuitive design lets you know when it's time for a water refill or when the ice bucket is full. A beacon of convenience and efficiency, this ice-maker makes sure you can focus on hosting, while it takes care of the cool refreshments.

Dimensions (mm) Unit:
(H) 415 (W) 380 (D) 400

Net Weight:
17.5Kg

Total Input Power:
110W

Storage Volume:
2Kg

Voltage:
230V/50Hz

**Engineered for the
African climate**

Ice Making Capacity:
20Kg/24h

Rated Current:
1.1A

Note: Water treated with Reverse Osmosis purification often gives a false water indicator. Rather use filtered mineralised water. Ice cycle time is dependent on water temperature. Clean and drain the unit at least once or twice a month. Lemon juice or 10ml vinegar can be added to the water to help the cleaning process. Notice: If your Ice-maker indicates a low water level despite being full, it may not detect certain purified water types. Simply add a pinch of salt to the water reservoir to enhance sensor accuracy. This is a common fix when using reverse osmosis water.

FEATURES

- ✓ Bullet Ice
- ✓ 3 Bullet Ice Size Selection
- ✓ Bullet Ice Size (mm): S 25, M 28, L30
- ✓ Bullet Ice Per Cycle: 12
- ✓ 'Ice Full' Sensor
- ✓ Stainless Steel Finish
- ✓ Refrigerant: R600a
- ✓ Add Water Function
- ✓ Diagnostic Check on Start up
- ✓ Drain Point
- ✓ Portable
- ✓ Removable Ice Bucket
- ✓ Stainless Steel Hinge Pins
- ✓ Adjustable Levelling Feet (+/- 10mm)

Suggested Applications: Small Office, Apartment, Kitchen, Home Bar, B&B
