MeacoDry ABC 10L

## MeacoDry ABC Dehumidifiers 10L | 12L | 20L

The MeacoDry 'ABC' range forms part of the multi-award winning Meaco brand of dehumidifiers at an unbeatable entry level price. Featuring the latest low-noise and energy saving technology the MeacoDry 'ABC' is a super quiet compressor dehumidifier from Meaco, making it an effective and practical dehumidifying solution for the home.

This compressor dehumidifier has low running costs making it the near perfect solution for dehumidifying in the home. These units remove moisture and humidity from the applicable area, which results in a reduction of condensation on windows and floors. They will also prevent the build up of mould, paint bubbling and musty smells.

# MeacoDry 'ABC' 10, 12 & 20L

## Ultra-quiet dehumidifier technology

Having a noise level of just 35dB when in low fan speed and 40db at high fan speed, with less obtrusive background noise the MeacoDry 'ABC' is more suitable for use in smaller properties than other compressor dehumidifiers.

## Energy efficient dehumidifier

Featuring low energy consumption, the MeacoDry 'ABC' is a cost-effective and practical solution to help remedy ongoing moisture issues within the home such as damp, condensation, and is great for drying laundry indoors.

## Practical functionality

- Laundry mode – makes the machine run at full speed for 6 hours to help dry your clothes and then switch off to save energy.
- Automatic defrost - increases water extraction whilst saving energy when used in lower temperatures.
- Automatic turn off – prevents spillage when water tank is full.
- Auto-off timer – schedule when the appliance turns off.
- Child lock
